

# Message to the youth league.

I would like to take this opportunity to thank all my coaches for donating their time and patience in order to make this program the success that it is. Next I would like to thank the parents which sacrifice just about everything to give their kids a better life than we give ourselves. Hockey moms and dads are the best. I hope the kids realize what you do for them. And now to all the players, thank you for all your hard work during practices and all the excitement that you provided during your games. I hope everyone had a wonderful time at the end of the season party. It was a huge success and a good time was had by all.

Randy Albrecht

Pine Ice Arena-Hockey Director
